

## Packing Techniques

CROSS: light cushioning

STAR: light to medium cushioning

COIL: medium to heavy cushioning

FOLDED (FLAT, CORNER OR "U"):  
medium to heavy cushioning

# Packing Applications

**CUSHIONING:** protects fragile products

**WRAPPING:** separates delicate products

**BLOCKING & BRACING:** holds durable, less fragile products in a fixed position

**VOID FILL (FILLPAK®):** fills empty spaces for pre-packaged products
